

Ducati Panigale V4 R Engine Sound Mod

How to Install ?

FiveM :

- resource to your server, then simply use the audioNameHash on vehicles.meta entry of "kc32ducavr4" on any bike.

Singleplayer :

- Drag the "kc32ducavr4" folder into
GTAV/mods/update/x64/dlcpacks

- Edit the dlclist.xml in GTAV/mods/update/update.rpf/common/data

- Add the following lines dlcpacks: kc32ducavr4

- then simply modify the audioNameHash line on vehicles.meta and put "kc32ducavr4" of any bike that you have installed.
